

collect 5 Stones

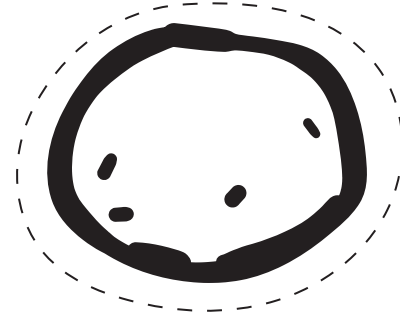

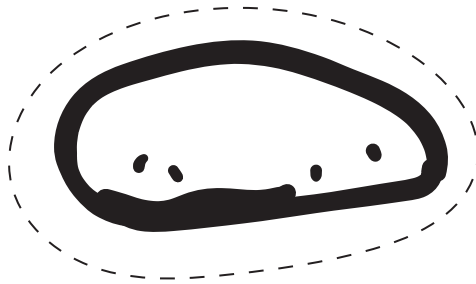

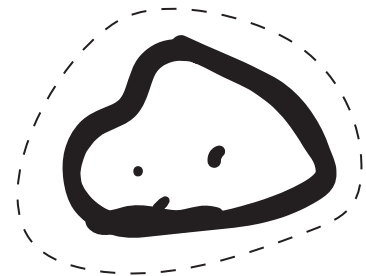

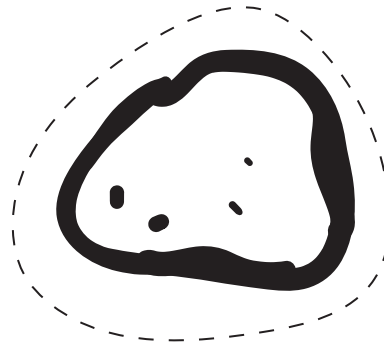

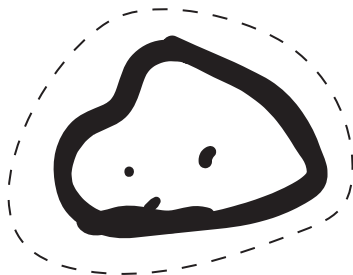

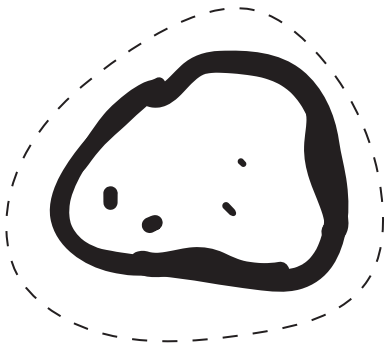

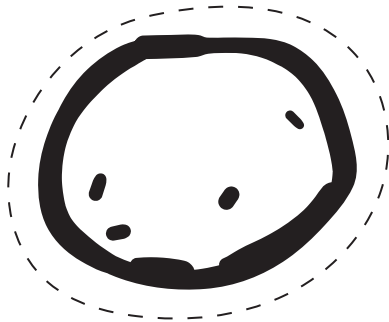

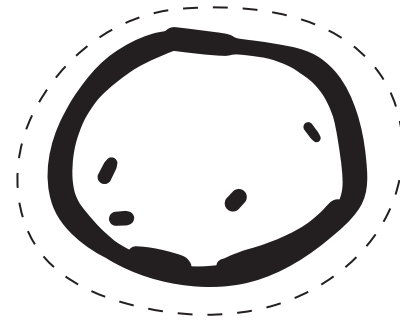

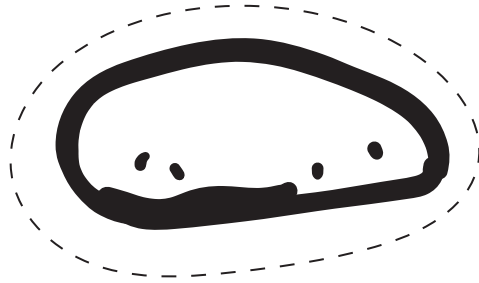

David grabbed five smooth stones from the stream.
Goliath laughed, David's outmatched or so it would seem.

David put the stone in his sling and sent it Goliath bound.
It hit Goliath in the head and the giant fell down.

On that day, David defeated a giant with a stone and a sling.
And because he loved God, he one day became king.

David served God and did his part.
He was a man after God's own heart.
